

**THE PENNSYLVANIA STATE UNIVERSITY CERTIFICATION OF COMPLIANCE  
WITH THE PENNSYLVANIA STEEL PRODUCTS PROCUREMENT ACT**

**This form must be completed and submitted by Contractors with each Application / Certificate of Payment.**

Campus/Building/Project Name \_\_\_\_\_

PSU Project No. \_\_\_\_\_ Application/Certificate Of Payment No. \_\_\_\_\_ Invoice No. \_\_\_\_\_ Dated \_\_\_\_\_

**NOTE: One** of the four options below must be selected by checking the corresponding box. "Steel Products," as used herein, shall be as defined within the Steel Products Procurement Act, 73 P.S. § 1881 et seq.

**Option 1A: No Steel Products** to declare on this Application/Certificate of Payment

**Option 1B:** Steel Product(s) of the exact type and model included within this Application have been declared on a previous Application/Certificate of Payment.

*(if one of these two options are selected, go to signature and corporate seal, at bottom of page)*

If there are Steel Products to declare, the information requested below must be provided for **each** Steel Product included within the Application/Certificate of Payment (use more than one form, as necessary) **and** Option 2, 3 **or** 4 below must be selected.

Steel Product Certified \_\_\_\_\_

Model (if applicable) \_\_\_\_\_

Name and Address of Supplier / Manufacturer \_\_\_\_\_

**Option 2: Identifiable Steel Product** — defined as a Steel Product marked as "made in the USA" or otherwise identifiable as U.S. steel.

*Required Documentation: To demonstrate that the Identifiable Steel Product complies with this certification, invoices, bills of lading, mill certifications, or other acceptable evidence shall be provided upon request of The Pennsylvania State University.*

**Option 3: Non-Identifiable Steel Product** - defined as a structural or non-structural structural Steel Product , not marked as "made in the USA" or otherwise identifiable as U.S. steel. Structural steel is defined as Steel Products used as a basic structural element of a project (i.e. steel beams, columns, decking, stairways, reinforcing bars, structural lintels, pipes, etc.). Non-structural steel is defined as ALL other Steel Products, including door and window frames, machines, equipment, etc. I certify that 100% of the steel in the product was manufactured in the United States; **OR** at least 75% of the cost of ALL of the articles, materials (including steel, rubber, wood, plastic, etc.) and supplies incorporated in the product have been mined, produced or manufactured, as the case may be, in the United States.

*Required Documentation: To demonstrate that the Non-Identifiable Steel Product complies with this certification, invoices, bills of lading, mill certifications, or other acceptable evidence is attached hereto.*

**Option 4: Not Domestically Manufactured Steel Product** - defined as a Steel Product that is not produced in the United States in sufficient quantities to meet the requirements of the contract.

*Required Documentation: Prior written approval of The Pennsylvania State University is attached hereto.*

I, the undersigned officer of the Contractor do hereby certify that the information provided herein is true and correct and that all Steel Products utilized on this project are in compliance with the provisions of the Steel Products Procurement Act (73 P.S. §1881 et seq). The undersigned further understands that willful violation of the Steel Products Procurement Act can result in withholding of payments and penalties including, but not limited to, prohibition from submitting any bids, performing any work, or supplying any materials to any public agency for a period of five (5) years from the date of the determination that a violation has occurred.
